

BROOKLANDS NURSING HOME

June 2023 Newsletter

**Hello everyone.
Hope you are all keeping well.**

**Residents & Staff were very busy in the garden.
We have been sorting out and planting up planters out the front of the
building and on the veranda, and both places are starting to bloom.
A huge well done to Vicky and the Residents for making the
Veranda look beautiful.**

**Some of our residents enjoyed using airdry clay to make little models.
It was great fun for those who participated.**

**We continue with our armchair exercises for those that can do light
easy exercises from the comfort of either their room or with the
group in the lounge.**

We are doing well with our fund-raising page to raise funds for a touch table which will enable our residents to go online, be creative and use different apps.

This will benefit all our residents, even those who are unable to get out of bed. We are also intending to use some money raised to also have a pathway built round to the back garden. This will provide easy access and enable us to make use of our beautiful garden more frequently.

The link is below for the fund-raising page.

If you prefer to give cash, Fiona is at the home Monday to Friday, or she can help you access the go fund me page if you would like to donate that way.

FUNDRAISING

We will be doing a tombola in the next few weeks, to hopefully raise funds as well, so if you have any unwanted items that are suitable for the tombola, please give to either Jobin, Fiona or any member of our staff.

We would like to thank everyone who have donated so far, and don't forget, every little helps us to reach our target and will make a huge difference to all our residents.

That is everything for now.

We hope you all keep safe and well, until our next newsletter
